Comments: We design, install, and construct wash water treatment systems. Our closed-loop treatment systems capture hazardous and non-hazardous solids and separates the chemicals and water so that recycled (clean) water can be used again in the wash system. We also offer portable and stationary cold and hot water pressure washers. Our washers features include electric, gasoline, or diesel powered, from 2 to 29 HP; natural gas, oil, diesel, or liquid propane fired; and direct drive or belt driven. We also custom build pressure washer trailer packages. In addition, we stock specialty cleaning chemicals and detergents and sell parts and accessories for the majority of washers in the market today. We also offer service/maintenance on virtually any make and model pressure washer.
